

For further information, please see your sales rep:

They really are made better.

Every day millions of people around the world turn to Xstamper brand rubber stamps to assist them in their personal and business lives. They know they'll be getting a sharp, clear impression. They know they are enjoying the results of a long tradition of innovation. They know that each and every Xstamper is a product of superior technology and quality materials. And, most comforting of all, they know that the Xstamper they hold in their hand comes with a lifetime guarantee.

And remember, we have full lines of other office products-XstamperVX, ClassiX, Xecutives, and Artline - that take advantage of the same technological innovations you've grown accustomed to with Xstamper.

We promise to work as hard as our stamps do.

With its retractable frame, your Xstamper is always clean and eliminates the need for messy stamp pads. And it's sturdy, allowing up to 50,000 impressions without re-inking. Of course, when you must add ink, all it takes is a few drops into our handy, built-in reservoir and you're good to go for the next 50,000. In fact, your Xstamper is so durable you'll never have to buy another stamp, which means it's a big money-saver, too.

Putting a hard-working Xstamper into your hands is one of our greatest joys. That's why we'll be working hard to make sure your order is always right and always right on time. In fact, our factories and fulfillment centers are strategically placed across the country to ensure prompt delivery of your order.

The people who make the best-made stamps in the world.

These are exciting times at Xstamper. Our reputation for quality and being at the forefront of stamp-making technology has never been stronger. And our ability to satisfy our customers' needs - by being faster and more efficient-is better than ever.

It all starts with a new attitude we bring to work with us every day. It's called teamwork, and for us that means everyone's ideas are welcome, everyone shares in our success, and everyone is dedicated to providing the best products and service possible.

The enthusiasm around here is contagious. We're attracting the very best personnel available while also retaining the best, most experienced members of our team. And, most importantly, our customers have begun to notice.

Xstamper. *The hardest-working stamp in the business made by the hardest-working people in the business.*

XSTAMPER® CUSTOM STAMPS

Xstamper offers a full line of stamp sizes and shapes that have been engineered for your custom message. Be creative and use your original artwork or select any of our established impression styles. The most popular impression styles are listed in this catalog, but your sales rep can show you plenty of additional styles. All stamp impressions are laser engraved to provide a perfect impression time after time. We guarantee it for life!

XPEDATER®

The XpeDater prints your custom message along with the day, month and year over a 6-year period. A simple twist of the base and a turn of the dials changes the date, eliminating the need for tweezers! The year band also prints: A.M., P.M., REC'D, FAX'D and ENT'D. All XpeDaters come with an inked base for a permanent home on a desk or counter top. The N75 and N85 models also come with a handy ink cap to make them portable.

 Holds 5 Jumbo Stamps (N18).

XSTAMPER® TEZET™ MACHINE

This electronic stamping machine has the power to get the job done with minimal repetitive effort. If your business has a high volume of repeat stamping, the Tezet is for you. It comes with batteries included so you can use it anywhere and everywhere right out of the box. An AC adapter is available if you wish to keep your Tezet in one dedicated area. The empty Tezet (07526) can use any N10 or N59 Xstamper you may already have. Otherwise, please order the full Tezet of your choice.

07526 - Empty Tezet™ Machine - \$185.95

For those who already have an existing N10 or N59 stamp.

07533 - Tezet™ AC adapter - \$39.95

N91 - Rectangular Tezet™ Machine - \$219.95

R91 - Replacement Die - \$22.95

An automatic stamp machine for high volume marking. Batteries included.

XSTAMPER REINKING

We strongly recommend using only Xstamper Refill Ink to re-ink your Xstamper pre-inked rubber stamp. It has been specifically formulated to flow cleanly through the micropores of the Xstamper's laser-engraved rubber impression die. Using ink other than Xstamper Refill Ink can clog these micropores and voids the Xstamper warranty. Please follow the directions below for your respective Xstamper mount.

After re-inking, please allow stamp to sit up to 24 hours to reach maximum saturation.

Remove the handle and place 2-4 drops of ink in the openings on either side of the spring as shown.

Slide the impression cartridge out of the handle and place 2-3 drops of ink in the 4 openings as shown.

Remove the handle and place 2-4 drops of ink in the opening in the center of the mount.

Slide the impression cartridge out of the handle and place 2-3 drops of ink in the opening as shown.

Remove the white cap on top and place 2-4 drops of ink in the opening in the center of the mount.

Slide the impression cartridge out of the handle and place 2-3 drops of ink in the opening as shown.

Remove the Impression Frame™ and use an ink cartridge to put 2-3 drops of ink into the inking hole. Put 2-3 drops into the frame as well.

Simply put a few drops of ink in the XpeDater base and a few in the travel cap.

Simply put a few drops of the corresponding color ink into the the stamp base.

XSTAMPER® INDUSTRIAL STAMPS

Make your mark almost anywhere with the pre-inked Industrial Stamps from Xstamper. Our proprietary ink formulation is fast drying, permanent and water resistant when fully cured. Uniquely designed caps are engineered to keep ink from drying out, extending the functional life of the stamp. These stamps are ideal for marking any slick or hard to mark surface such as metal, glass, plastic, leather, glossy paper, etc.

Artline®

ARTLINE INDUSTRIAL REFILL INK

Artline Hi-Seal industrial inks are formulated to perform under the harshest conditions encountered in today's varied manufacturing world. For more information on all the places you can use our specially formulated industrial inks, please see your Xstamper sales rep.

Due to the sensitive nature of alcohol-based inks in today's harsh industrial settings, Industrial Stamps are not covered by warranty. Please allow re-inked stamps to sit overnight for maximum saturation before use.

Artline Industrial Refill Ink

Guidelines for Submitting Artwork

- For logos and artwork, attach original black and white camera-ready art. Photocopies, business cards or faxes of artwork are not acceptable.
- Provide clean black and white sketch for Seals and Round Stamps (i.e. N53) for copy placement.
- Signatures must be written actual size to fit stamp, in black ink, on a separate white unlined sheet and attached. Please ensure that your signature is written clear and bold. Faxes not recommended.
- Custom orders are not subject to change or cancellation.
- Letter size will be reduced if necessary to fit.
- If ink color is not designated, stamp will be produced with black ink, date stamps will be produced with blue (text) and red (date) ink.
- For orders with no specific style # selected (style number 000) and no special instructions, we will use our discretion to make the best finished product.

E-Mail Artwork Guidelines

- All digital art must be in 300-600 dpi TIFF format only, no JPEGs or EPS files.
- Black and white bitmap TIFFs only, no grayscale or color artwork is acceptable. Include the item and P.O. or Control # in the e-mail to match up with original order.
